Dearest girls, staff and parents,

On the last day of term Father Christmas came to the crèche to give each and every little child a beautiful Christmas present. The children were so excited and jumping for joy. They could hardly believe that maybe one of the gifts had their name on it and their eyes were big when each name was called.

Everyone here in Doornkop wishes to send you all their very, very big gratitude and humble appreciation for making these gifts, especially for each child, and for bringing so much joy and pleasure and excitement. For most of these children this was the only present they received this Christmas. I, Nthabiseng, wish to thank you for standing beside us and giving us strength and for giving the children hope and trust for kindness and goodness in their lives.

I ask God to send you all great blessings to your families. May all your kindness come back to you.

Nthabiseng Hlongwane
